AiO Interactive Flat Panel Display

Tecnomanya presents a range of smart screens for classroom, board rooms and entertainment. The Tecnomanya All in One Interactive Flat Panels Displays are specially designed to give you a superior tactile experience from infinite digital white-boarding to stunning visual clarity.

The IFPDs are a perfect replacement for the outdated projector technology with superior display, enhanced connectivity and built-in software solutions. Tecnomanya's ultra-sensitive touch technology gives an advanced fine-tuned handwriting experience. It allows its users to create more natural writing on the screen.

Tecnomanya's Flat Panels are the first in India to come with the latest Android 11 Operating System. These panels come with loaded features and applications that are most conducive for efficient and easy collaboration in education and business.

Available in 55", 65", 75", 85" and 98" screen sizes.

CAPACIOUS AND CLEVER CAPTURING

Smart Lecture
Capture System

Presenting the most advanced Smart Lecture Capture System, TrueCap. This advanced system makes it easy to teach the students with live and on demand videos. This enables the educators to easily record their video courses and share with students in or outside the campus. With TrueCap it becomes very easy to capture, switch, record, stream and deliver video content to a wider audience, whether live or on demand, locally or remotely. This system combines a Video Station, Pick-Up Microphone, Auto-Tracking Cameras for both teacher and the student and Online Director Platform to provide the most flexible and effective lecture capturing. ■

- **One-Touch Recording and Broadcasting.**
- **6 Screen Layout Modes for various scenarios.**
- **Intelligent Panorama & Close-Up switch function.**
- **Supports Instant Image Positioning.**
- **Built-in Disk Recording Protection Strategy.**
- **Smooth and stable live broadcast service.**
- **Wear-Resistant Capacitive Touch Technology.**

CREDIBLE AND COHERENT CONCLUSIONS.

Integrated Student
Response System

With TrueClick at hand, students are no more passive listeners as before. Instead, they can now be active participants. TrueClick enhances the interactive learning in class by giving a voice to each and every student. With TrueClick Student Response System, you can engage the students with activities like instant quiz. Set different questions, seek answers and create answer reports easily. Create an interactive learning environment where every student can participate actively and give real-time feedback. With TrueClick, teachers can track progress through instant feedback to determine whether the students need reviewing, re-teaching or to continue with the next lesson. ■
